

CLOUD

craft
freebie

Jenn Alcorn

thank you!

Hi fellow educator!

If this is the first or the fiftieth product you have downloaded in my shop, I hope you know how much I appreciate you!

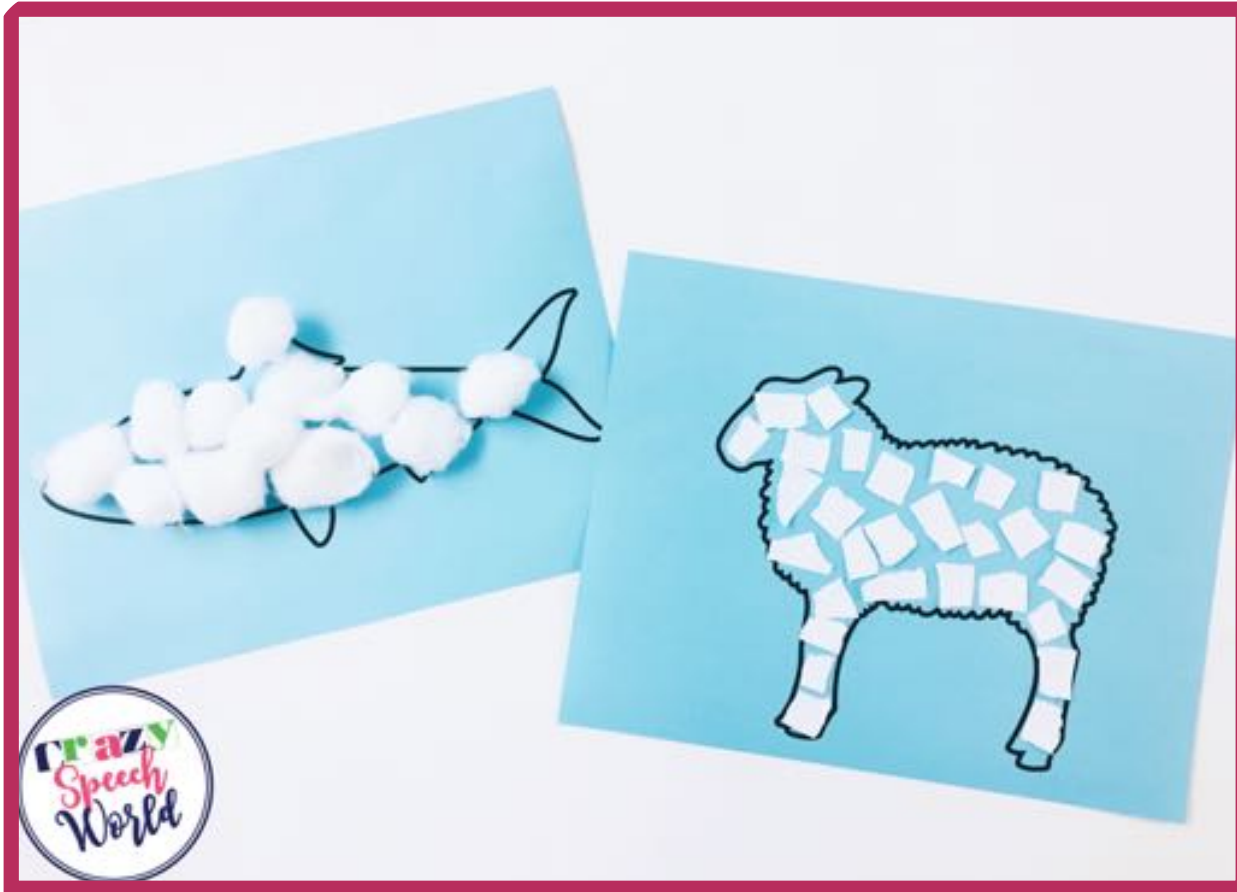

You can use these activities on their own, or pair with a book or learning activity to practice specific skills. This craft is meant to be minimal prep and FUN!

I hope you and your students have engaging interactions using these materials to help them learn and grow. Please, always feel free to contact me, I love to hear from you!

Jenn Alcorn, M.S., CCC-SLP

Directions

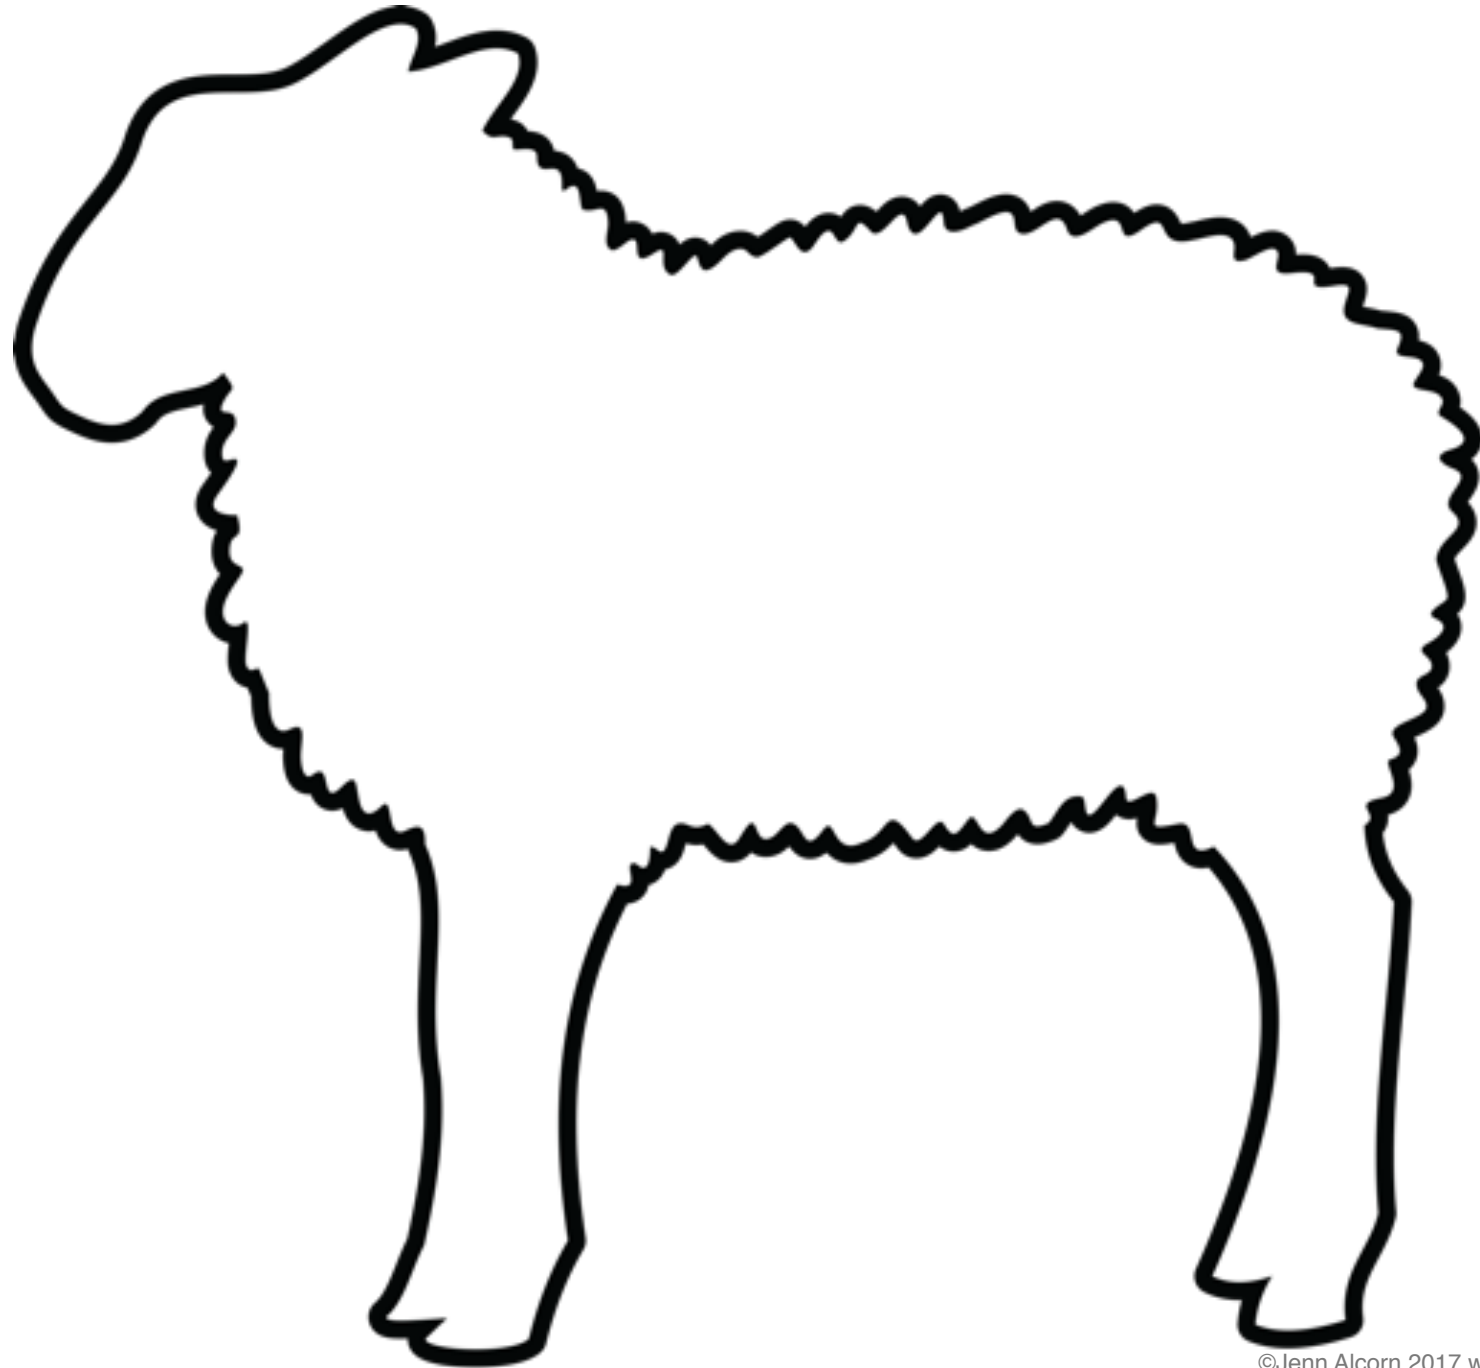

You will need:

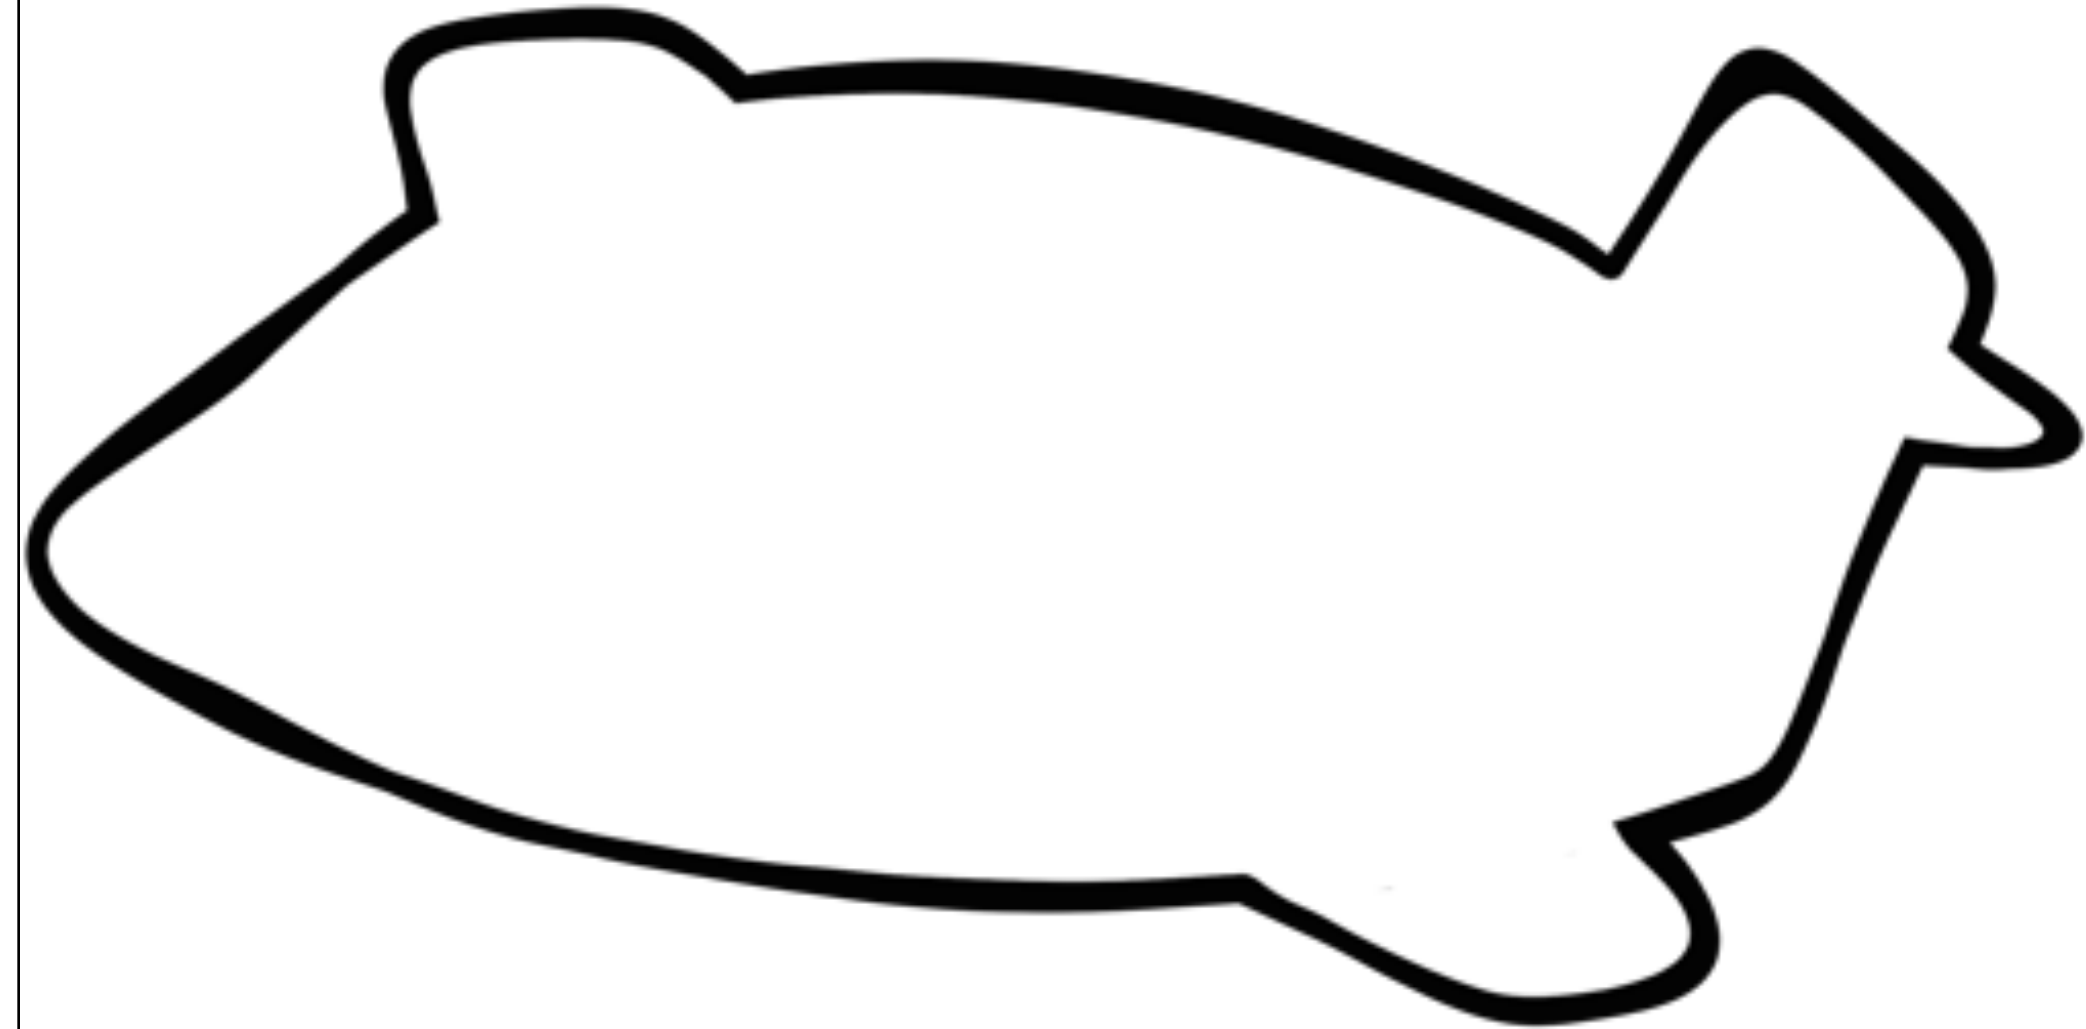

- colored paper
- cotton, white paper, tissue paper, or white paint

Students will choose a cloud shape and fill it in with the white medium you are using to create their own cloud.
