

- Cut the Food to go along with *The Very Hungry Caterpillar* story (you can make lines, like a grid, on the paper that you print and cut them into squares)
- Punch holes into the fruit pictures
- String the food in the order of the story to make a sequence strip with any string/yarn that you make have at home! (if you don't have any string, you can glue them in order on a separate sheet of paper)

Watch the Youtube video of the story While completing this activity!
